

merry & bright

Someone you love
made a donation
in your honor!

Thank you for supporting The Light Collective.
Let's make a brighter way, together!

Our Mission: Creating a hope-oriented community where families who have a child with cancer can build resilience and share delight.

Every month, The Light Collective creates a virtual family fun day for families across the PNW who have a child with cancer. We send a big box full of games, snacks, crafts, and activities for families to enjoy at home, we host three connection opportunities on Zoom (crafts, family games, and a parent and caregiver support chat), and we provide a family meal through local delivery services.

This gift will create opportunities for joy, connection, and memory-making. Thank you!
