

Dear friend,

Since December 2020, The Light Collective has been creating meaningful and memorable experiences of joy and connection for families who have a child with cancer. Every month, we see 90+ families relax their shoulders and reacquaint themselves with laughter as they enjoy Matchbox Day. This monthly virtual family fun day includes:

- A box of fun activities, snacks, and crafts delivered to each family's front door.
- Three opportunities to connect on Zoom for crafts, games, and parent support.
- A family dinner provided via DoorDash Voucher.

We also host three in-person family gatherings every year, which include a delicious lunch, family relay games, an over-the-top carnival, a very special parent gathering, and all sorts of other surprises. Plus, we're planning to include a brand new Family Retreat Weekend for TLC families in the spring of 2026. We can't wait!

Here's what one mom shared about their experience with TLC:

"I'm not sure we could have made it to the place we are today without TLC. Forever our joy heroes, our belly laugh makers, and our keeping-it-together saviors. We are indebted to you all, and immensely grateful for everything Matchbox Day has been to us all this time!"

On **Friday, November 7**, we're hosting **More Light**, our annual fundraiser event. This year we are celebrating FIVE YEARS of sharing joy and connection with families. We are raising funds to ensure families feel seen and loved and less alone.

Of course, we can't meet our goals without the generosity and support of the community, including businesses like yours.

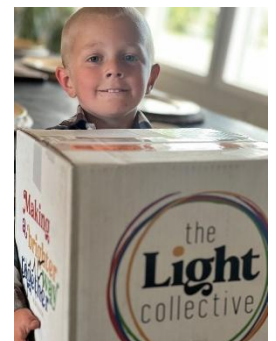

Will you join us as an event sponsor? There are multiple sponsorship opportunities including a variety of benefits and opportunities for recognition. Your contribution will set the table for a successful event, allowing us to provide even more life-changing care and support for families who are walking through their hardest days.

Thank you for your thoughtful consideration and generous partnership! Please contact me with questions.
